- RFL-ES-L36-LED, 36" WIDE, 36W

**Available in RGB or White LED
With DMX Capabilities**

New for 2012!!!

- Four widths: 12", 18", 24", 36"
- Available in 'white' or "RGB" LED
- RGB is fully DMX capable (see **note**)
- 12 volt DC energy efficient design
- ETL listing pending, IP68 rated, wet or dry
- High strength 'KYDEX' housing with shatter-proof acrylic lens, double neoprene gasket, stainless steel face plate and stainless steel tamper-proof housing screws.
- Naval brass cord compression fitting with 20' factory wired submersible cable attached
- High output 'CREE' brand LED lamps with 50,000 hour mfg. rated lamp life
- Streamlined, low profile design with infinite angle adjustment feature.

NOTE: Fixtures require the appropriate 12 volt DC power supply and DMX controller to produce color changing effects. These component items are available as accessory items from Roman Fountains. Contact us for assistance in coordinating a complete lighting system package.
