# RFN SERIES, FOAM NOZZLE

PLAN VIEW

ELEVATION

3D IMAGE

**SPECIFICATION DATA:** Foam Nozzle; bronze and brass construction with integral swivel, stainless steel fasteners, with adjustable air/water mixture sleeve and (F) N.P.T. connection.

**DESIGN/APPLICATION DATA:** Roman Fountains RFN-Series foam nozzle produces a highly aerated column of water.

- NOTES:**
1. This is a water level dependent nozzle.
  2. Boxed area in table indicates optimum performance.
  - \*3. 3" and 4" Nozzles are special order items and require longer lead time.
  4. Due to continuing product improvement program, Roman Fountains reserves the right to change the specifications without notice.
